HOT LINE TWO — POWERFUL PARTNER FOR WATSON

"Smart" telephone directories save time and money in tracking, finding, and dialing the numbers you need.

- Comes with National, Area Code, and City Directories to help you quickly locate most numbers.
- Create private, group, or corporate directories that reduce production costs for your company's printed phonebook.

Fast, easy user interface.

- Understandable drop-down menus and on-line help.
- Search text for names or topics to quickly find and dial any listing.

Complete auto-dialer features.

- A single keystroke dials or redials numbers, using pulse or touchtone phones.
- Custom dialing methods automatically accommodate PBX or Centrex requirements, multiple long distance carrier access codes, credit card charges, and employee ID.

Telephone management reduces telephone costs.

- Telephone call log provides complete call information automatically.
- Call types identified for least cost dialing.

Hot Line Two, regularly \$99.
